

Dr Geoffrey Peter Kirkwood

28 December 1947 – 28 March 2006

It is with a great sense of loss and sadness that the world's fisheries community heard of Geoff's passing. In particular, the news came as a great shock to us all in CCAMLR as Geoff was such an integral and essential part of what we do. Not only was he a long-serving and distinguished contributor to the work of the CCAMLR scientific community, Geoff was always available to provide calm and reasonable scientific advice. He will be sorely missed and this volume of *CCAMLR Science*, in which he has co-authored two papers, is dedicated to Geoff's lasting memory.

Dr Denzil Miller
CCAMLR Executive Secretary
