

CONSERVATION MEASURE 10-08 (2006)
Scheme to promote compliance by Contracting Party nationals
with CCAMLR conservation measures

Area	all
Season	all
Gear	all

The Commission,

Convinced that illegal, unreported and unregulated (IUU) fishing compromises the objectives of the Convention,

Concerned that some Flag States do not comply with their obligations regarding jurisdiction and control according to international law in respect of fishing vessels entitled to fly their flag that carry out their activities in the Convention Area, and that as a result these vessels are not under the effective control of such Flag States,

Aware that the lack of effective control facilitates fishing by these vessels in the Convention Area in a manner that undermines the effectiveness of CCAMLR conservation measures, and can lead to illegal, unreported and unregulated (IUU) catches of fish and unacceptable levels of incidental mortality of seabirds,

Concerned that vessels that carry out activities in the Convention Area which do not comply with the CCAMLR conservation measures are benefiting from the support provided by persons subject to the jurisdiction of Contracting Parties, including through participation in transshipment, transport and trade of illegally harvested catches or engagement on board or in the management of these vessels,

Noting that the FAO International Plan of Action to Prevent, Deter and Eliminate Illegal, Unreported and Unregulated Fishing calls on States to take measures to discourage nationals subject to their jurisdiction from supporting and engaging in any activity that undermines the effectiveness of international conservation and management measures,

Recalling that Contracting Parties should cooperate in taking appropriate action to deter any activities which are not consistent with the objective of the Convention,

Resolved to reinforce its integrated administrative and political measures aimed at eliminating IUU fishing in the Convention Area,

hereby adopts the following conservation measure in accordance with Article IX.2(i) of the Convention:

1. Without prejudice to the primacy of the responsibility of the Flag State, the Contracting Parties shall take appropriate measures, subject to and in accordance with their applicable laws and regulations:
 - (i) to verify if any natural or legal persons subject to their jurisdiction are engaged in the activities described in paragraphs 5(i) to (viii) of Conservation Measure 10-06 and 9(i) to (vi) of Conservation Measure 10-07;
 - (ii) take appropriate action in response to any verified activities referred to in paragraph 1(i); and

- (iii) cooperate for the purpose of implementing the measures and actions referred to in paragraph 1(i). To this end, relevant agencies of Contracting Parties should cooperate to implement CCAMLR conservation measures and Contracting Parties shall seek cooperation by industries within their jurisdiction.
- 2. To assist with the implementation of this conservation measure, Contracting Parties shall submit reports to the CCAMLR Secretariat and the Contracting Parties and non-Contracting Parties cooperating with CCAMLR for the purpose of implementing the Catch Documentation Scheme for *Dissostichus* spp. on the actions and measures taken in accordance with paragraph 1, in a timely fashion.
- 3. These provisions shall be applicable from 1 July 2008. Contracting Parties may voluntarily decide to implement these provisions prior to this date.
