

Abstract

This document is the adopted record of the Twenty-ninth Meeting of the Commission for the Conservation of Antarctic Marine Living Resources held in Hobart, Australia from 25 October to 5 November 2010. Major topics discussed at this meeting include: review of the Report of the Scientific Committee; illegal, unreported and unregulated fishing in the Convention Area; vulnerable marine ecosystems and bottom fishing; the establishment of a representative system of marine protected areas in the Convention Area; assessment and avoidance of incidental mortality of Antarctic marine living resources; new and exploratory fisheries; current operation of the System of Inspection and the Scheme of International Scientific Observation and the development of a procedure for certification of observers; compliance with conservation measures in force; review of existing conservation measures and adoption of new conservation measures; management under conditions of uncertainty; ongoing review of the Commission's responses to the recommendations of the 2008 Performance Review Report and cooperation with other international organisations including the Antarctic Treaty System. The Reports of the Standing Committee on Administration and Finance and the Standing Committee on Implementation and Compliance are appended.
