

Abstract

This document presents the adopted report of the Twenty-ninth Meeting of the Scientific Committee for the Conservation of Antarctic Marine Living Resources held in Hobart, Australia, from 25 to 29 October 2010. Reports of meetings and intersessional activities of subsidiary bodies of the Scientific Committee, including the Working Groups on Ecosystem Monitoring and Management, Fish Stock Assessment and Statistics, Assessments and Modelling, the Subgroup on Acoustic Survey and Analysis Methods and the ad hoc Technical Group for At-sea Operations, are appended.
