

**AGENDA FOR THE FOURTEENTH MEETING
OF THE SCIENTIFIC COMMITTEE**

**AGENDA FOR THE FOURTEENTH MEETING
OF THE SCIENTIFIC COMMITTEE**

1. Opening of the Meeting
 - (i) Adoption of the Agenda
 - (ii) Report of the Chairman

2. Fishery Status and Trends
 - (i) Krill
 - (ii) Fish
 - (iii) Crabs
 - (iv) Squid

3. Dependent Species
 - (i) Species Monitored in the CCAMLR Ecosystem Monitoring Program
 - (a) Report of the Relevant Sections of the Report of the Working Group on Ecosystem Monitoring and Management (WG-EMM)
 - (b) Proposals for CEMP Site Protection
 - (c) Data Requirements
 - (d) Advice to the Commission

 - (ii) Assessment of Incidental Mortality
 - (a) Incidental Mortality in Longline Fisheries
 - (b) Incidental Mortality in Trawl Fisheries
 - (c) Marine Debris
 - (d) Advice to the Commission

 - (iii) Marine Mammal and Bird Populations
 - (a) Status of Marine Mammal Populations
 - (b) Status of Marine Bird Populations
 - (c) Advice to the Commission

4. Harvested Species
 - (i) Krill
 - (a) Report of the Relevant Sections of the Report of the Working Group on Ecosystem Monitoring and Management (WG-EMM)
 - (b) Data Requirements
 - (c) Advice to the Commission

- (ii) Fish Resources
 - (a) Report of the Relevant Sections of the Report of Working Group on Fish Stock Assessment (WG-FSA)
 - (b) Data Requirements
 - (c) Advice to the Commission

- (iii) Crab Resources
 - (a) Report of the Relevant Section of the Report of the Working Group on Fish Stock Assessment (WG-FSA)
 - (b) Data Requirements
 - (c) Advice to the Commission

- (iv) Squid Resources
 - (a) Review of Activities Related to Squid Resources
 - (b) Advice to the Commission

- 5. Ecosystem Monitoring and Management
 - (i) Report of the Relevant Sections of the Report of the Working Group on Ecosystem Monitoring and Management (WG-EMM)
 - (ii) Data Requirements
 - (iii) Advice to the Commission

- 6. Management under Conditions of Uncertainty about Stock Size and Sustainable Yield

- 7. Scientific Research Exemption

- 8. New and Exploratory Fisheries

- 9. CCAMLR Scheme of International Scientific Observation
 - (i) Scientific Observations Conducted in the 1994/95 Fishing Season
 - (ii) Revision of the *Scientific Observers Manual*
 - (iii) Advice to the Commission

- 10. CCAMLR Data Management

11. Cooperation with Other Organisations
 - (i) Reports of Observers from International Organisations
 - (ii) Reports of SC-CAMLR Representatives at Meetings of Other International Organisations
 - (iii) Proposals for ASMAs and ASPAs submitted for Consideration by Antarctic Treaty Consultative Parties
 - (iv) Future Cooperation
12. Publication
13. Activities of the Scientific Committee during the 1995/96 Intersessional Period
14. Budget for 1996 and Forecast Budget for 1997
15. Advice to SCOI and SCAF
16. Election of Vice-Chairmen of the Scientific Committee
17. Next Meeting
18. Other Business
19. Adoption of the Report of the Fourteenth Meeting of the Scientific Committee
20. Close of the Meeting.
