

RESOLUTION 14/XIX
Catch Documentation Scheme: Implementation
by Acceding States and Non-Contracting Parties

The Commission,

Having considered reports on the implementation of the Catch Documentation Scheme for *Dissostichus* spp. established by Conservation Measure 170/XVIII,

Being satisfied that the Scheme has been successfully launched, and noting the improvements to the scheme made by Conservation Measures 170/XIX and 170/XX,

Conscious that the effectiveness of the Scheme depends also on implementation of the Scheme by those Contracting Parties which are not Members of the Commission ('Acceding States') but which fish for, or trade in, *Dissostichus* spp., as well as by non-Contracting Parties.

Concerned at the evidence that several acceding States and non-Contracting Parties which continue to be engaged in fishing for, or trading in, *Dissostichus* spp. are not implementing the Scheme,

Particularly concerned at the failure by such acceding States to implement the Scheme, to uphold and promote its objectives, and to meet their obligations under Article XXII to exert appropriate efforts with regard to activities contrary to the objectives of the Convention,

Determined to take all necessary measures, consistent with international law, to ensure that the effectiveness and credibility of the Scheme is not harmed by non-implementation of it by acceding States and non-Contracting Parties,

Acting pursuant to Article X of the Convention,

1. Urges all Acceding States and non-Contracting Parties not participating in the Catch Documentation Scheme which fish for, or trade in, *Dissostichus* spp. to implement the Scheme as soon as possible.
2. Requests to this end that the CCAMLR Secretariat convey this resolution to such Acceding States and non-Contracting Parties and give all possible advice and assistance to them.
3. Recommends that Members of the Commission make appropriate representations concerning this resolution to such Acceding States and non-Contracting Parties.
4. Reminds Members of the Commission of their obligation under the Catch Documentation Scheme to prevent trade in *Dissostichus* spp. in their territory, or by their flag vessels, with Acceding States or non-Contracting Parties when it is not carried out in compliance with the Scheme.
5. Decides to consider the matter again at the Twentieth Meeting of the Commission in 2001 with a view to taking such further measures as may be necessary.
