

CONSERVATION MEASURE 129/XVI
Prohibition of Directed Fishing for *Lepidonotothen squamifrons*
in Statistical Division 58.4.4 (Ob and Lena Banks)

Directed fishing for *Lepidonotothen squamifrons*, other than for scientific research purposes, is prohibited in Statistical Division 58.4.4 from 8 November 1997 until at least such time that a survey of stock biomass is carried out, its results reported to and analysed by the Working Group on Fish Stock Assessment and a decision that the fishery be reopened is made by the Commission based on the advice of the Scientific Committee.
