<u>Licensing Information & Notification of a Season Extension for Subarea 48.3</u>

Attached to this letter is the licensing information required under Conservation Measure 10-02 for both FV *Argos Georgia* and FV *Argos Froyanes*.

Further to the distribution of Commission Circular 10/33, dated 18th March 2010, whereby Members intending to issue licences to their vessels for Subarea 48.3 in 2010 are requested to include details of any season extension granted when submitting licence notifications to the Secretariat, please take this letter as confirmation that the UK intends to grant a licence to both the FV *Argos Georgia* and FV *Argos Froyanes* to fish the season extension in Subarea 48.3 from 26 April 2010. We would be grateful if this information could be placed on the licensing page of the CCAMLR website.

The UK has analysed the summary of vessels' compliance with Conservation Measure 25-02 during the 2008/09 season as contained in CCAMLR-XXVII, Annex 5, paragraph 2.23 and can confirm both vessels are compliant with CCAMLR specifications.

If you need any further information in respect of this notification please don't hesitate to get in contact with me.

Best regards

Scott Parnell

Sustainable Fisheries Manager

Foreign and Commonwealth Office

VMS implementation details The vessel is fitted with, and currently operates, a
VMS in accordance with CM 10-04. Sat C polling
monitored on behalf of the St Helena Government.
Backup Argonet system. Will participate in
CCAMLR C-VMS.
Name of operator, if different from vessel owners; Argos Froyanes Ltd
Address of operator, if different from vessel owners Jamestown, St Helena Island, Atlantic Ocean
Names and nationality of master and, where relevant, Master: Valgeir Brynjar Hreidarsson
of fishing master
Fishing Master: Mauro Iglesias Cordeiro
Type of fishing method or methods Bottom autoliner
Beam (m) 11.5
Gross registered tonnage 1352
Vessel communication types and numbers INMARSAT C, 466500016
(INMARSAT A, B and C numbers);
Normal crew complement; 25
Power of main engine or engines (kW); 1400
Carrying capacity (tonnes) 385.7
No. of fish holds
Capacity of all holds (t) 385.7
Any other information in respect of each licensed DNV * 1A1 IE-C fishing vessel
vessel they consider appropriate (e.g. ice classification)
for the purposes of the implementation of the
conservation measures adopted by the Commission.
